PAVE QUESTION IS TABLED BY CITY COUNCIL

No action was taken by the council last evening on the improvement of San Pablo avenue from the northern limits of El Cerrito to the limits of the City of Richmond on the north. The matter will come up next Monday night.

Communications were read from the M. A. Hays Company and Burg Brothers stating that they desired a first class pavement, but did not want to attempt to dictate to the council what particular type should be used.

A petition was read, signed by property owners representing 3,788 feet of frontage, asking that a patented type of pavement be used, as they considered this the best and would be the cheapest in the end.

GIVE TWO WEEKS TO CONSIDER PROTEST

The city manager and city engineer were given two weeks by the council last evening to consider the protest of Fred Meyers to prevent the city of El Cerrito from dumping its storm water on his property.

PERMIT ISSUED

M. E. Harr, of the Sandwich shop at Nevins and San Pablo was last evening granted a permit by the council to sell soft drinks as a side line.

FIO FINDS FISH FEAST FOR FRIDAY

It was Friday, in the home of Louis Fio, of Crockett, everything within and without was decidedly WET. But what is Friday without fish. Storm or no storm, Friday must be fittingly celebrated with a sumptuous fish dinner.

With the anticipatory odor of a dainty piscatorial repast fragrant in his nostrils Fio stepped without. But outside, his eyes bulged. For as if in answer to his desire (according to Fio who it is alleged has the reputation of being a truthful man) the hillside in Tenney Terrace was literally covered with flimsy delusions.

To prove his fish story, Fio displayed two specimens to the incredulous inhabitants of Crockett. The largest measured exactly 11 inches in length. Fio declared (and who will doubt him) that he found the two in a pool of water (formed by the rain).

Only one conclusion can be drawn from Fio's story (in spite of the WETNESS said to have prevailed in that vicinity recently)—the fish must literally have "fallen from the skies" like ancient manna to appease the gustatory anticipations of Louis Fio (who is declared to be a man to whom a lie is abhorrent).

ASK REDUCTION OF STREET FEE FOR ENGINEER

That the city engineer of El Cerrito was receiving too great a percentage for compensation for his work and that the city trustees should lower the rate was the content of a petition presented the trustees at their meeting Monday night and signed by A. E. Brownell and W. F. Huber.

Huber, who appeared before the board, stated that the contemplated street improvement in the city for this year would amount to about \$700,000 and that the engineer's fee would be approximately \$25,000, which he thought was too large a sum and should be reduced.

On a motion of Trustee Phil A. Lee, the matter was laid over one week for consideration.

Parr Report For January Shows \$5,550 Business

The monthly report of the Parr Terminal Corporation, showing the business that was done at the two wharves during the month of January was filed with the city council last evening. The gross receipts were \$5,549.99 and the expenses were \$3,354.78, leaving a net profit of \$2,195.21. Half of this comes to the city, which amounts to \$1,097.60.

At both wharves there were 17,421 tons of freight handled. Of this amount 7,055 passed over wharf No. 1 and 10,365 over wharf No. 2.

The goods passing over wharf No. 1 consisted of petroleum products. Over wharf No. 2 there were 6,976 tons of sugar, 2,064 tons of piles, and 1,325 tons of cement.

'PETTING PARTY' BANDITS ROB COUPLE; THEN STEAL MACHINE

Police Start Search For Trio; Early Capture Is Expected

The "petting party bandits" who have been plying their trade in the bay district, struck here last night. Their loot totaled \$44.

Frank Mallo, 821 Delaware street, Berkeley, and Miss Jeanette Budley, also of Berkeley, were forced to get out of their car, parked near the Southern Pacific ferry, at a late hour last night and hand over their money, by three men with caps pulled down over their faces.

The bandits fled in the car owned by Mallo.

According to Mallo's report to the local police, in company with Miss Budley, he was sitting in his car for some time. A Chevrolet coupe drove up alongside of them and three men got out. Each man held a gun and Mallo and his companion were forced to leave the car. Mallo was relieved of \$8 and \$36 was taken from Miss Budley.

Abandoning the Chevrolet, the three entered the sedan owned by Mallo and made their getaway.

The police immediately started a search but up to an early hour this morning the trio had not been captured.

The Chevrolet coupe was stolen from Oakland, the police reported. Mallo and Miss Budley were returned to their homes.

Local Youths Escape Death As Auto Turns Over

A party of local youths narrowly escaped death last night when the Essex automobile in which they were traveling to Yosemite overturned near Livermore in a six-foot ditch. Pat McDonald, one of those in the party of ten that were making the trip in a Hudson coach, and the Essex, sustained severe cuts on the hand, and another of the party was taken to the Livermore hospital for lacerations of the head.

Basil Spurr and Eddy Burg left Richmond at a late hour last night to bring what assistance they could to the wrecked holiday party, which included among others Cecil Moore, Reese Hayes and McDonald.

Washington

Today, expressing devotion to a national hero who is first in their hearts, more than a hundred million Americans will pay homage to the shrine of George Washington, founder of his country. Fitting exercises, dedicated to the memory of the great patriot are being held today in schools, churches, lodges, public assemblies and homes.

Washington was born of aristocratic parentage in Westmoreland county, Virginia, on February 22, 1732, as the thirteen colonies on the new continent seethed under the oppression of a tyrannical British king. His early life was placid enough. Then he imposed his figure into the picture of history by licking the British underhand, freeing his countrymen from the bonds which bound them to the mother country and establishing a new nation which has grown in 150 years to become the mightiest and wealthiest in the world.

This morning at 9:30, broadcast simultaneously by radio stations over the country, President Coolidge will deliver his Washington's birthday address and it is estimated that 30,000,000 people will listen in.

The Richmond RECORD-HERALD will observe Washington's birthday. No edition will be published tomorrow morning.

\$128,000 IN NEW HARBOR BONDS TO BE ISSUED

Preliminary to the asking for bids by the war department for the dredging of the harbor in order to conform to the agreement the city of Richmond has made with the Ford Motor company, the council last evening ordered the city clerk to advertise for sale of harbor bonds to the amount of \$128,000.

City Manager McVittie stated to the council that the harbor plans had been approved by the war department at Washington, and the engineers would ask for bids for the work in a short time.

Lee Death Is Held Accidental

Shock from injuries received when struck by a car driven by M. N. Sanbury of Selby caused by death of Hang Lee, 73, of San Pablo. This was the verdict of the coroner's jury here last night.

The jury declared the death to have been accidental; no responsibility was attached.

M. Sanford told the members of the committee. "You men have not only rendered a fine service to the organization, but to the city of Richmond. You have sowed the seed." (Continued on Page 8)

Frank A. Scholes
Visits Yosemite

Returning yesterday from a week-end trip to Yosemite National Park, Frank A. Scholes, Richmond city councilman, issued a warning to all prospective park visitors to make reservations far in advance. Accompanied by Mrs. Scholes, W. B. Jensen and wife, Scholes made the trip in a four-door Nash, going as far as Camp Curry. Yosemite was crowded with winter visitors and it was impossible to secure hotel accommodations either in the park or in Merced, according to Scholes.

A snow depth of four feet in the vicinity of Camp Curry was encountered.

Other Richmond people who made the trip to Yosemite were Sandy Rogers and wife and Miss Grace Rogers. B. E. McCray, Charles McGray, Bob Montgomery and W. H. Seiman.

LADY IN ERMINE
IS SHOWING AT
THE CALIFORNIA

If ever a title suited a star it is "The Lady in Ermine," Corinne Griffith's newest starring vehicle, which opened last night at the California theatre before a capacity house.

The absorbing play is based on a true episode which occurred in a small town on the border between Italy and Austria in the year 1810, when Napoleon was roving Europe with an ambitious sword.

A wedding is being solemnized between a Count of the royal blood of Italy (Einar Hanson) and the Countess Marianna (Corinne Griffith) as news comes that the Austrians are invading the country.

The Count leaves with the Italian troops shortly before the Austrians, commanded by the imperious, handsome General Dostal (Francis X. Bushman) take the town and make the newly married nobles' home their headquarters.

Seated in the long dining room as an unwilling hostess to the Austrian officers, among whom is the Crown Prince of Austria (Ward Crane), the Countess Marianna tells them the story of a picture which hangs on the wall of a beautiful Italian woman clad in an ermine cloak.

The Count's grandmother, Marianna relates, was mistress there when the French invaded Italy. Her husband was captured and condemned to death as a spy. The lady of the picture was given the choice between watching the execution or attending the French General in his quarters clad in the ermine cloak.

She chose to save her husband's life.

Shortly after the Countess has related this old story, now a legend in the family, Count Adrian is captured, disguised as a gardener. Dostal learns his true identity and, already struck with the beauty of Marianna, cynically proposes that she be given the same choice as her ancestor.

How the Austrian General is outwitted and how the lovers are reunited forms the plot for this fast moving tale of war and a woman's bravery.

The star's magnificent performance is ably assisted by the sincere acting of Einar Hanson and Bushman, with Ward Crane contributing much to the high tone of the film.

James Flood directed the picture. Other features include the last chapter of "Snowed In," pictures of the Elks' snow frolic at Tahoe Tavern, "Topics," and "Aesop's Fables."

Richmond Broker
Has Narrow Escape

An automobile driven by W. L. Ballenger, well known Richmond investment broker, was wrecked and he himself narrowly escaped injury or possible death, as the result of an automobile collision near San Rafael Sunday. Ballenger reported that the accident was due to the fact that the driver of the other machine was cleaning the windshield of his car while driving. Ballenger crashed into a power pole after the collision, totally demolishing his car.

New Record Made
By Santa Fe R. R.

(By Universal Service)
CHICAGO, Feb. 21.—A new transcontinental record was established during the last 48 hours by "The Chief," crack train of the Santa Fe railroad. The trip from San Bernardino, California to Chicago was made in 48 hours, and eight minutes. If the same running time had been made from Los Angeles to Chicago the trip would have been made in a fraction more than 53.53 hours, or ten hours less than scheduled time.

The fast run was necessitated by a halt of eight hours at San Bernardino for repairs.

Air Service Sells Tickets In Advance

(City Universal Service)
LONDON, Feb. 21.—Although nearly a year and a half will have elapsed before the new government passenger air service to India becomes operative, the first applications for passage by the new system already have been received. According to present plans, the new service probably will open in July of 1928, and the fare will be about \$500 per person. The flight from London, England, to Karachi, the India terminus of the service, will occupy about four days' time.

The requests for passage just received were from Australia, and came by cable. The message asked reservation of berths on the R101 for a gentleman and his daughter for next August. The ship, which will go into service in July, 1928, will be the R111. Several giant airships for the service are now in the course of construction, but some time will be taken for their completion, and there will be a necessary period afterward for experimentation which practically preclude the possibility of any service being started before the estimated date of 1928.

KEY SYSTEM HEAD WILL ADDRESS C. C.

Lester G. Ready, president of the Key System Transit Company, will be the guest of honor and principal speaker at another big get-together dinner arranged for the members of the Richmond Chamber of Commerce, Tuesday, evening, March 15th, at the New Hotel Carquinez.

In asking Mr. Ready to be the Chamber of Commerce guest on the big occasion, President P. M. Sanford pointed out that in a recent public speech in Oakland, Ready had expressed a desire to meet the civic leaders and progressive citizens of the East Bay, served by the traction company.

Because Richmond has several knotty transportation problems to solve and because its citizens and the Chamber of Commerce want to solve these problems to the best interests of the community and in all fairness to the transit company, it was decided to have President Ready speak the lastness men and women of the city at a semi-social gathering.

There will be a brief entertainment program preceding the talk which Ready will give on East Bay street car transportation problems. There will also be brief talks by Mayor Mattie Chandler, President Sanford of the Chamber of Commerce and others.

March 15th event has been placed in the hands of the transportation committee of the Chamber of Commerce, comprising W. Scott, chairman; H. A. Johnston, Harry Albert, F. B. La Moine and J. H. Plate. The committee was instructed to call upon the entertainment committee to furnish the program. The latter comprises Harley Carter, Archie Winchell, Lud Johnson, Mrs. H. W. Bryant and Dan Reardon.

Russian Women Have Belief Furs Are Charms

(City Universal Service)
By LAURA PATRICK
MOSCOW, Feb. 21.—Every fur miter wears has a meaning of its own. In this language of furs Russian women are highly educated.

Superstitions flourish here and even the most intelligent women show a strange belief in charms, and know all the bad luck signs in the heavens.

Sable, most regal of all furs, is believed by Russian women to exert an evil influence in its wearer. If it doesn't work material harm it brings a hoodoo to disturb the owner's love affairs. The very sound of the word brings dark and sorrowful thoughts they say.

In the Middle Ages the knights cut out figures from various sorts of furs and nailed them on their shields. In this manner charms of arms originated. In the language of heraldry black is called "sable" and white "ermine." Perhaps these superstitions which Russian women still retain originated in medieval times.

However, those who can afford a sable wrap don't let superstition stand in their way. They risk being possessed of devils to become possessors of the soft voluptuous sable.

Ermine, delicate white background for kings and courts, is rightly supposed to strengthen the wearer's pride. No wonder, because it is so becoming to women of all ages. Fat mamas and their blushing daughters look equally appealing and fragile in ermine. It is also believed to bring riches and material blessings to the proud owner.

Valley Rivers And Streams At Danger Stage
SACRAMENTO, Feb. 21.—With heavy rains throughout the northern mountains as well as valley territory during the last twenty-four hours, all streams of the Sacramento drainage basin were at high stages today.

The snow blanket in the high Sierras was materially reduced, the depth standing 112 inches at Summit. At lower altitudes in the mountains the snow was washed down and melted by the warm rains causing the American, Feather and other tributaries of the Sacramento River to rise rapidly.

This coupled with heavy rainfall in the headwaters of the Sacramento River sent that stream bounding in its upper reaches

SURVEY BEING MADE ON SAN PABLO BY KEY

A survey of paving requirements for the roadway between the tracks on San Pablo avenue in El Cerrito is being made by engineers of the Key System Transit Co., and a report will be forwarded to the board of trustees when it is completed. It was reported by Engineer Louis E. Calfee at a meeting of the El Cerrito board last night. Calfee stated that he had conferred with officials of the street railway company recently with favorable results.

A petition for a street light at Donald avenue and Key boulevard was referred to trustee Fred Lutz. Application of Edward Wheeler, 250 Terrace Drive for the position of traffic officer was placed on file.

City Marshal Forrest Wright reported that he had not been able to get suitable place for the pound but would probably have one by next Monday night.

A soft drink license was granted Emma B. Monk for Emma's Chicken Coop at San Pablo avenue and Panhandle boulevard.

Frank Walsh, building inspector reported permits issued during January totaling \$33,365.60.

An ordinance fixing the fire limit in the city of San Pablo avenue from the southerly city limit and a half block east and west of the avenue was laid over for one week.

The ordinance provided that no frame or wooden buildings could be built in the fire zone.

Citizens Asked To Cooperate On New Bay Bridge

Richmond residents have indicated that their full co-operation and support will be given the backers of the proposed highway bridge between this city and Marin county, when the application of the Richmond-San Rafael Bridge, Inc., for a franchise to erect and operate the bridge comes before the board of supervisors April 4.

The bridge will open the Redwood highway and all the north coast county traffic into the east bay through Richmond.

F. M. Sanford, president of the Richmond Chamber of Commerce, yesterday issued a statement placing his indorsement on the bridge project. Sanford declared:

"The proposed new bay span from McNear's Point near San Pablo to Point San Pablo on the Richmond side is fraught with tremendous possibilities for Richmond. Such a bridge will place Richmond squarely in the path of a traffic flow that will grow larger and larger as the years go by.

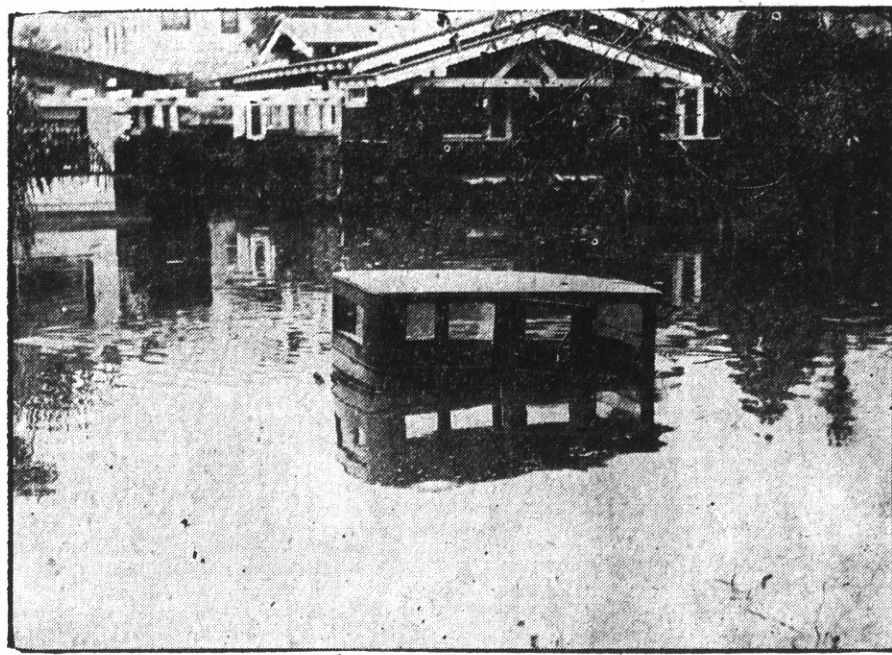

"All efforts to bring the San Francisco bay communities in closer communication by affording more rapid transportation facilities should be encouraged.

"The Richmond-San Rafael bridge will span a natural barrier that has impeded progress. It is a step forward and it cannot but help increase Richmond's prestige and attract newcomers to the community."

between the northern allies who have been unsuccessfully operating against the Cantonese.

One report says that Wu Pei Fu has decided not to permit Chang Tso Lin's forces to enter Honan in their march against the south. Sixty Executed
The reign of terror begun Saturday by the Chinese military authorities showed no signs of abating today. More than 60 Chinese agitators have been put to death by the police with executioners' knives. The police prowl the streets armed with these swords and kill their victims as they arrest them.

Despite the downfall of rain, crowds of morbid Chinese continued to gather in the streets today to gaze upon the gruesome sight of their decapitated fellow countrymen.

Although the general strike is spreading, tram cars and omnibuses resumed operations today and department stores reopened.

All Factories Close
Actually all factories remained closed, however. All the wharf comes quit today and held up the loading and unloading of cargo. Reports from Hangchow say the Cantonese are restoring order there, rounding up the defeated Sun Chuan Fang stragglers, shooting many for looting and forcing the others into the Nationalist armies.
